

# HOW TO MAKE A BACK-SCRATCHER

As you may know, Dof & Pib are problem-solvers and are always coming up with ideas to make life easier in their village. At one point in the story they make some nifty back-scratchers. Why don't you try and have a go...

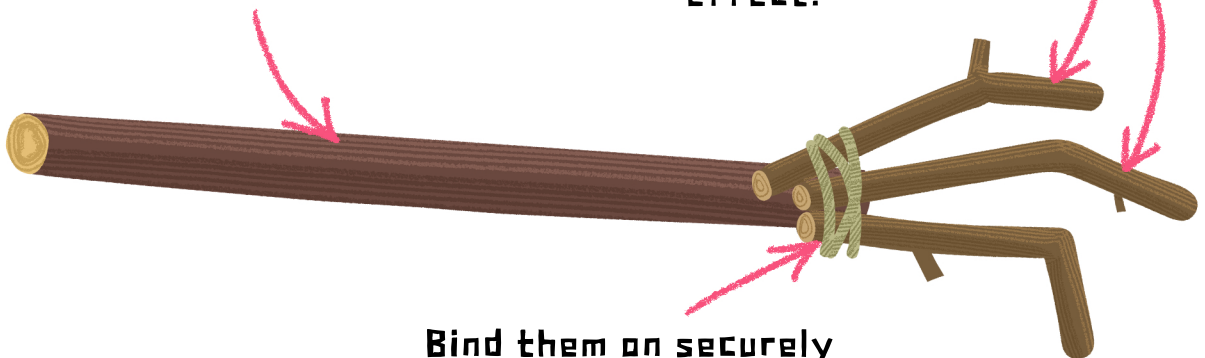

What you'll need:

Some sticks of assorted sizes  
Some string

Use a longer, thicker stick for the handle

Use smaller sticks for the 'fingers'. Bent or hook-shaped sticks will give a good 'rake' effect!

Bind them on securely with some string

**Now SCRATCH THAT ITCH!**
